It's important you let us know about any treatments/medications you are currently taking.

Please create a log of current meds here.

ONLY FOR PEOPLE WITH ME/CFS: In addition to your current medications, please use this page to add those treatments you have taken in the past 5 years but are no longer taking. **We know that it could be hard for you to remember many details about your past treatments, so feel free to click 'I don't know/remember' as often as you need.**
