

# JOIN THE FIGHT FOR ME/CFS AND LONG COVID FUNDING!

## SUMMARY

The Senate Appropriations Committee is about to make some crucial decisions on the FY 2025 Labor-HHS-Education Appropriations bill. This includes funding that could be a game-changer for ME/CFS, Long COVID, and other infection-associated chronic conditions (IACCI). Let's make sure our voices are heard and our needs are met!

### What We're Fighting For

1. \$10 Million for an Office of Infection-Associated Chronic Conditions and Illnesses (IACCI) at NIH
2. Increased Funding for Long COVID and ME/CFS Research
3. Enhanced Public Health Surveillance and Provider Education
