Independent Auditor's Report

To the Board of Directors
Solve ME/CFS Initiative
Glendale, California

Opinion

We have audited the accompanying financial statements of Solve ME/CFS Initiative (a nonprofit organization), which comprise the statement of financial position as of June 30, 2025, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Solve ME/CFS Initiative as of June 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Solve ME/CFS Initiative and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Solve ME/CFS Initiative's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

FOUMBERG, JUNEJA,
ROCHER & COMPANY

CERTIFIED PUBLIC ACCOUNTANTS
16311 Ventura Blvd, Suite 1180, Encino CA 91436
(818) 981-6100 www.foumbergco.com

LS&Co.
The Nonprofit Services Group of
FOUMBERG, JUNEJA, ROCHER & COMPANY

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Solve ME/CFS Initiative's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Solve ME/CFS Initiative's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

The 2024 financial statements of Solve ME/CFS Initiative were audited by Lewis Sharpstone & Co., now the nonprofit services group of Foumberg, Juneja, Rocher & Co., P.C., and in its report dated March 6, 2025, Lewis Sharpstone & Co. expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2024 is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTE 1: ORGANIZATION PROFILE

Solve ME/CFS Initiative ("Solve M.E." or "Organization") is a non-profit corporation whose purpose is to conquer Myalgic Encephalomyelitis/Chronic Fatigue Syndrome (ME/CFS). SOLVE M.E. works toward its mission for ME/CFS to be widely understood, diagnosable, curable and preventable by using strategies to stimulate research aimed at the early detection, objective diagnosis and effective treatment of ME/CFS through expanded public, private and commercial investment. Substantially all of SOLVE M.E.'s revenue is derived from contributions from donors and other interested parties and grants from foundations. Since 2021, Long Covid has also been a focus of the Organization, as described further below.

Key Accomplishments during the year ended June 30, 2025

A description of the SOLVE M.E.'s program objectives and summary of key accomplishments during the year ended June 30, 2025, follows:

Research Accomplishments

Solve's research initiatives achieved major milestones this year through new awards, partnerships, and platform development. The organization launched a $30,000 Catalyst Fund at Yale to support Dr. Akiko Iwasaki's pioneering ME/CFS and Long COVID research, and provided a $37,000 Catalyst Award to Simmaron Research for its Rapamycin Trial. Additional Ramsay Awards supported projects by Dr. Dana Yelin and the University College London team led by Professor Cambridge, ensuring continued engagement through public webinars and outreach. Solve formalized the BIC/CODA Alliance, aligning with Metrodora and Care Evolution to build an integrated research and data-sharing ecosystem. Following a successful press launch reaching an estimated 140 million people, Solve coordinated the IRB transition to Metrodora and prepared for pediatric and Spanish-language expansion of the platform. The organization also entered a partnership with Genetic Alliance and Galatea for free biobank storage and enhanced member data control through Digital Cabinet access. Together, these accomplishments reflect Solve's deep commitment to accelerating research, fostering collaboration, and translating science into tangible progress for patients worldwide.

Advocacy and Communication Accomplishments

In 2025, Solve M.E. advanced national awareness and policy momentum for ME/CFS and Long COVID through coordinated federal advocacy and community engagement. During Advocacy Week 2025, more than 3,500 advocate emails, calls, and texts were sent to members of Congress to sustain the CDC Chronic Fatigue Syndrome Program and ensure ME/CFS remained eligible under the Department of Defense CDMRP Program. Emily Taylor, Monique Wike, and volunteers met with over twenty Congressional offices in Washington, D.C., securing bipartisan support, with 11 Senators joining the CDC Dear Colleague Letter and 10 Senators supporting the CDMRP request. Solve maintained a strong non-partisan strategy to keep research and program funding viable across administrations. Emily Taylor co-authored a white paper proposing NIH restructuring to better support infection-associated chronic conditions and collaborated on three major RECOVER publications advancing scientific and policy understanding. Through its partnership with MEAction on the Go Local Campaign, the Lived Experience Task Force microgrant program, and educational webinars with the Bateman Horne Center, Solve continued to expand grassroots leadership, education, and federal engagement, further elevating the patient voice in national decision-making. The successful inclusion of ME/CFS within the CDMRP resulted in more than $300 million in potential research funding opportunities, marking a major milestone for the community and the field.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the organization have been prepared on the accrual basis which recognizes income when earned and expenses when incurred, in accordance with accounting principles generally accepted in the United States of America ("GAAP")

Financial Statement Presentation
The Organization reports information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions.

Net Assets without Donor Restrictions: - Net assets without donor restrictions are available for use as the discretion of the Board of Directors and management for general operating purposes. From time to time the Board may designate a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion. As of June 30, 2025 and 2024, no such designations existed

Net Assets with Donor Restrictions: - Net assets with donor restrictions consists of assets whose use is limited by donor imposed, time and/or purpose restrictions. The Organization reports cash or other assets received as revenues with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, the net assets are reclassified as net assets without donor restriction and reported in the statement of activities as net assets released from restriction. See Note 5 for more information on the composition of net assets with donor restrictions.

Comparative Financial Information
The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Organization's financial statements as of and for the year ended June 30, 2024, from which the summarized information was derived. Certain 2024 information has been reformatted to better align with the 2025 presentation.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions affecting the reported amounts of assets, liabilities, revenues, and expenses as well as disclosure of any contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and grants
Contributions and grants received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor-restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decrease of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promise has become unconditional.

Promises to give are recorded as contributions and grants receivable in the year the promise to give is made. A discount is recorded to account for the time value of the receivable, and a reserve for uncollectible pledges is also recorded based on an analysis of promises to pay and uncollectible amounts. As of June 30, 2025, and 2024, all pledges were expected to be received and accordingly, no reserve was recorded. The discount on pledges to be received more than one year from June 30, 2025 was determined by management to be not material and was not recorded.

Donated assets and services
Donations of assets are recorded as contributions at their estimated fair value at the date of the donation. Donated services that require specialized skills are performed by people with those skills and would otherwise be purchased if not provided by the donation. Such services are recorded at fair value in the period received. More information as to the methodologies utilized to value such donations is included in Note 7.

Investments
Investments in securities are initially recorded at cost, if purchased, or fair market value, if received as a contribution. Subsequent to acquisition, investments in securities are reported at fair value. Investment income, gains and losses are reported as unrestricted income unless use of the earnings is restricted by the donor.

Investment transactions are recorded on the trade date. Investment income and realized and unrealized gains and losses, net of investment management fees, are reported as increases or decreases in the appropriate net asset category.

Property and Equipment
Property and equipment items are stated at cost or at fair value at the date of donation, if contributed. Expenditures for acquisitions, renewals and betterments above $2,000 are capitalized, whereas maintenance and repair costs are expensed as incurred. Depreciation is charged to expense over the estimated useful lives of the assets principally using accelerated methods. Estimated useful lives range as follows:

Computers and equipment	3 – 5 years

Long-Lived Assets
The organization reviews for the impairment of long-lived assets whenever events or changes in circumstances indicate that the carrying amount of any asset may not be recoverable. An impairment loss is recognized when the estimated discounted future cash flows expected to result from the use of the asset and its eventual disposition is less than the carrying amount. If impairment is indicated, the amount of the loss to be recorded is based on an estimate of the difference between the carrying amount and the fair value of the asset. Fair value is based upon discounted estimated cash flows expected to result from the use of the asset and its eventual disposition and other valuation methods. There were no impairment charges during the years ended June 30, 2025, or 2024.

Grants and fellowships
SOLVE M.E. awards grants for medical research projects in the field of ME/CFS. To ensure that the most worthy and promising research projects are funded, SOLVE M.E. periodically convenes a scientific advisory board that advises SOLVE M.E.'s executive committee of its board of directors. SOLVE M.E.'s executive committee, heavily weighing the recommendations of this advisory committee, makes all funding decisions. Members of the scientific advisory board include internationally respected researchers and clinicians. Awards are booked as payables upon completion of required documentation by research investigators and their sponsoring organizations and are not recorded until the stipulations of the contracts are met.

Fair value
In determining the fair value of assets and liabilities, SOLVE M.E. utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. SOLVE M.E. determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are characterized in one of the following levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets that the entity has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the assets, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other observable inputs that can be corroborated by observable market data.

Level 3 inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liability.

Functional Expense Allocations
The costs of providing the various program and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, costs have been allocated between the program services and supporting services benefited. Grants and fellowships and patient registry and biobank costs are directly allocated to the function benefited as program costs. Contracted services, professional fees and printing and postage are allocated based on specifically identifying the nature and purpose of the services provided and costs incurred. Certain costs, such as bank fees, insurance and occupancy, are considered wholly administrative in nature. All other functional expenses are allocated on the basis of time and effort, salary and related costs being the largest such expense allocated in this manner.

Income taxes
SOLVE M.E. is incorporated as a nonprofit voluntary health agency under the laws of the State of North Carolina and qualified to transact intrastate business in the State of California. Further, SOLVE M.E. is exempt from federal income tax as an organization described in Section 501(c)(3) of the Internal Revenue Code (the "Code") and qualifies as a public charity under Code Sections 509(a)(1) and 170(b)(1)(A)(vi).

Accounting standards require an organization to evaluate its tax positions and provide for a liability for any positions that would not be considered 'more likely than not' to be upheld under a tax authority examination. Management has evaluated its tax positions and has concluded that a provision for tax liability is not necessary at June 30, 2025. Generally, SOLVE M.E.'s information returns remain open for examination for a period of three (federal) or four (state of California) years from the date of filing.

Credit Risk

SOLVE M.E. places its cash and cash equivalents with high credit quality financial institutions where the funds are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per institution. At times, in the normal course of business, such cash balances are in excess of the FDIC coverage limits, but management deems the risk of loss due to these concentrations to be minimal.

Funds held in investment accounts at securities brokerage firms are insured by the Securities Investors Protection Corporation (SIPC), cash up to $250,000 and the investments in securities up to $500,000. SIPC insurance protects the custody function of the investment custodian; it does not provide protection against fluctuations in market value. Conservative investment guidelines established by the Board of Directors govern SOLVE M.E.'s investments in securities to achieve diversification of the portfolio.

The Organization's beneficial interest in the Foundation For The Carolinas are uninsured.

Credit risk associated with receivables is considered to be limited due to high historic collection rates and because of the strong long-term relationships the Organization has with donors.

Significant Concentrations

Contributions and grants receivable: As of June 30, 2025 and 2024, one donor accounted for 100% and 47% of contributions receivable, respectively.

NOTE 3: INVESTMENTS

Investments consist of a) money market funds and U.S. Treasury bills and b) a beneficial interest in a pooled investment fund with the Foundation For The Carolinas (FFTC). The following tables presents investments that are measured at fair value on a recurring basis in the accompanying statement of financial position at June 30, 2025 and 2024:

2025

Asset Class	Level 1	Level 2	Level 3	Total
Money market funds	$ 638,217	$ -	$ -	$ 638,217
Total	$ 638,217	$ -	$ -	$ 638,217

2024

Asset Class	Level 1	Level 2	Level 3	Total
Money market funds	$ 600,011	$ -	$ -	$ 600,011
Equities	6,121	-	-	6,121
Beneficial interest in FFTC	-	-	22,842	22,842
Total	$ 606,132	$ -	$ 22,842	$ 628,974

Investment income for the years ended June 30, 2025 and 2024 comprised the following:

	2025	2024
Interest and dividend income	$ 16,170	$ 32,006
Realized and unrealized gains	3,478	1,973
Increase in beneficial interest	328	1,600
Total investment income	$ 19,976	$ 35,579

NOTE 4: PROPERTY AND EQUIPMENT

Property and equipment as of June 30, 2025 and 2024 were as follows:

	2025	2024
Computers and equipment	$ 2,720	$ 2,720
Less accumulated depreciation	(1,436)	-
Property and equipment - net	$ 1,284	$ 2,720

Depreciation expense for each of the years ended June 30, 2025 was $1,436 and 2024 was $0.

NOTE 5: NET ASSETS

Net Assets with Donor Restrictions

Net assets with donor restrictions consisted of the following as of June 30, 2025 and 2024:

	2025	2024
Perpetual in nature	$ 23,170	$ 22,842
Restricted as to time	22,502	87,500
Total net assets with donor restrictions	$ 45,672	$ 110,342

NOTE 6: ENDOWMENT

The Organization historically maintained an endowment fund (the "Fund") held and managed by the Foundation For The Carolinas ("FFTC") under an agreement dated December 9, 1994. The Organization is the sole beneficiary of the Fund. The Fund was invested in accordance with FFTC's investment policy, provided annual distributions to the Organization in accordance with FFTC's spending policy, and was subject to administrative fees per FFTC's fee policy. Although this beneficial interest is not technically subject to the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"), the Organization elected to follow the investment and distribution policies used by FFTC, which are consistent with UPMIFA.

As of June 30, 2025, the Fund no longer holds assets on behalf of the Organization, as the funds were transferred to a certificate of deposit account. The Organization continues to apply its endowment investment and spending policies to these funds, and the disclosures below summarize the Organization's endowment policies.

Return Objectives and Risk Parameters

It is the purpose of SOLVE M.E.'s endowment fund to secure the future of SOLVE M.E. and to support its programs and operations as designated by the Board. The primary long-term financial objective is to preserve and enhance the real (i.e., inflation-adjusted) purchasing power of the endowment through a prudent long-term investment strategy. An additional objective is to provide a relatively predictable, stable, and (in real terms) constant stream of current income for SOLVE M.E.'s annual operating needs.

The primary investment objective of the endowment is to earn an average annual minimum nominal return of 6% to 8% per year. SOLVE M.E. considers itself a risk-averse investor. That is, among various investment alternatives with comparable expected returns, the preference is for those having the lowest risk.

Strategies Employed for Achieving Objectives

SOLVE M.E. manages its endowment on a total rate of return basis consisting of dividends, interest, and any net increase or decrease in market value of securities for the fiscal year, not favoring returns from one source over another. The funds are invested in the asset allocation strategy for long-term growth as recommended by the Foundation for the Carolina's Investment Committee. This diverse mix of investments seeks to provide a predictable stream of funding to programs supported by the endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, the endowment assets are invested in a manner that is intended to produce results that provide an average annual real rate of return, net of fees, equal to or greater than spending, administrative fees, and inflation (Consumer Price Index).

Spending Policy and How the Investment Objectives Relate to Spending Policy

SOLVE M.E. has a policy governing the amount of endowment earnings that can be released annually for spending, consistent with the restrictions, if any, placed on the endowment by donors until those amounts are appropriated for expenditure under the annual spending policy. Amounts available for distribution from the fund are based upon 4.5% of the fund's average balance for the previous three years and are evaluated on an annual basis for prudence.

In establishing this policy, SOLVE M.E. considered the long-term expected return on its endowment. Accordingly, over the long term, SOLVE M.E. expects the current spending policy to allow its endowment to grow at an amount that will at least keep pace with expected inflation.

Change in endowment net assets for the years ended June 30, 2025 and 2024 consists of the following:

Balance in perpetual trust June 30, 2023	$	21,242
Earnings - net		1,600
Distributions		-
Balance in perpetual trust June 30, 2024		22,842
Earnings - net		328
Distributions		-
Balance June 30, 2025	$	23,170

NOTE 7: IN-KIND CONTRIBUTIONS

For the years ended June 30, 2025 and 2024, in-kind contributions were as follows:

	2025	2024
Legal services	$ 11,307	$ 133,320
Internet advertising	65,720	64,019
Total in-kind contributions	$ 77,027	$ 197,339

The fair value of contributed legal services was based on the hours contributed as reported by the contributing law firms and market rates per hour that the Organization would likely have paid for the services received. Such market rates were researched by the Organization using publicly available sources. The fair value of contributed internet advertising received was based on reports provided by the internet search engine and research by the Organization on rates that they would have had to pay for such advertising but for the donation.

NOTE 8: LIQUIDITY AND AVAILABILITY OF RESOURCES

The Organization monitors its financial assets available within one year of the balance sheet date for expenditures on a quarterly basis. As of June 30, 2025, the balance available is as follows:

Cash and cash equivalents	$ 368,142
Investments	638,217
Contributions and grants receivable	22,503
Total financial assets available	1,028,862
Less those unavailable for expenditure within one year due to:	
Restricted by donor with time or purpose restrictions	(45,672)
Financial assets available to meet cash needs for expenditures within one year	$ 983,190

As part of the Organization's liquidity management the Organization prepares semi-annual cash requirement projections which are used to ensure that needed balances are liquid and available for payment of grants and general expenses in the near term. In addition, the Organization employs an extensive annual budgeting process and strategic planning process to ensure the Organization will continue to be poised to have funds available to pay grants and general expenses in the long term.

NOTE 9: EMPLOYEE BENEFIT PLANS

SOLVE M.E. sponsors a 403(b)-retirement plan covering substantially all employees meeting certain service and age requirements. This retirement plan is a defined contribution plan with voluntary employee participation. In addition, SOLVE M.E. sponsored a health savings plan until it terminated the plan during the year ended June 30, 2022.

SOLVE M.E. matches 100% of employee contributions to the retirement plan up to a combined total of 10% of compensation. For the years ended June 30, 2025 and 2024, SOLVE M.E. contributed $30,817 and $23,839 into the retirement plan, respectively. There have been no contributions into the health savings plan subsequent to its termination. As of June 30, 2025 and 2024, SOLVE M.E. owed the retirement plan $7,615 and $35,324, respectively, included in accounts payable and accrued expenses. The health savings plan was self-administered before it was canceled during the year ended June 30, 2022. The balance still held on behalf of employees as of June 30, 2025 and 2024 was $0 and $46,719 respectively, included in accounts payable and accrued expenses. In December 2024 the health savings plan balance was transferred to a third-party administrator.

NOTE 10: SUBSEQUENT EVENTS

The Organization's management has evaluated subsequent events through December 22, 2025, the date which the financial statements were available to be issued.
